

NATURAL LAW PARTY

The Natural Law Party offers forward-looking, commonsense, prevention-oriented, scientifically proven solutions to America's problems. Our principles and programs are based upon the newest scientific knowledge revealed by quantum physics : the discovery of a unified field at the basis of all the diverse natural laws governing our complex universe, the underlying unity of life, and the fundamental interconnectedness of all things.

We support:

- * Promoting more prosperous, harmonious international relations by: exporting U.S. know-how rather than weapons, supporting a Department of Peace on the national level, establishing a commission to research and recommend peaceful solutions to terrorism and war

- * Innovative programs for developing the full potential of all our students, and local control of education

- * Ending special interest control of politics by eliminating PACs

- * Revamping our health care system including the addition of natural health care programs shown to prevent disease and cut costs

- * Ensuring a strong economy by lowering taxes responsibly and eliminating wasteful spending

- * Field-tested crime prevention and rehabilitation

- * Increasing renewable nonpolluting energy sources, thereby limiting our dependence on fossil fuels

- * Strong environmental laws that ensure a healthy pure environment

- * Safeguarding America's food supply through sustainable, organic agricultural practices, including the labeling and safety testing of genetically engineered foods

CALIFORNIA DEMOCRATIC PARTY

SENATOR ART TORRES (RET.), CHAIRMAN

Statement of Purpose 2004

The Democratic Party stands for the best of America: fairness, optimism and justice. Keeping Americans safe at home and abroad during this War on Terror must be our priority, but not at the expense of our international reputation or by ignoring domestic economic issues. We can be stronger at home and respected in the world under Democratic leadership guided by enduring principles of hard work, family and freedom.

By sending John Kerry and John Edwards to the White House, re-electing U.S. Senator Barbara Boxer and supporting Democratic candidates for Congress and the State Legislature, Democrats can continue fighting for:

- Expanded educational opportunities, including an affordable college education
- Access to healthcare for all Americans
- A woman's right to choose
- Seniors by protecting Social Security and Medicare benefits
- Responsible economic stimulation that creates good jobs and stops the exporting of jobs
- Greater environmental protections and a clean environment for future generations
- Tolerance, civil rights for all families and the reduction of hate crimes
- Greater support of stem-cell research to treat illness

Please join us. Together, we can build a better California and a great America.

You can vote for the rights and needs of working-class people in California and throughout the world.

Vote for meaningful work for all; double the minimum wage. End poverty and homelessness.

Vote for free, quality health care and education for all.

Vote to tax the rich to meet human needs.

Vote for complete protection and restoration of our environment.

Vote to let people throughout the world determine how to govern themselves. Bring home all U.S. troops and fire all agents who are sent to promote and protect corporate profits. End all foreign military aid.

Vote to end discrimination against all oppressed groups, making it possible for all to participate democratically and share equally.

Capitalism uses our labor and natural resources to create profit for a few. It causes war, environmental destruction, poverty and inequality.

We working-class people need our own party. We can't expect parties controlled by corporations and the rich to act in our interests.

If we work together, we can change the system. We can create a socialist society in which we democratically and cooperatively use nature's resources, our labor and our social wealth for the common good.

Register and vote Peace and Freedom Party.

The Libertarian Party is American as apple pie.

Like you, we have jobs, businesses, families and dreams.

We've entered the political arena to restore liberty and American values. We're working toward a government that spends less and taxes less, and won't interfere with your personal life.

If you describe yourself as socially tolerant and fiscally responsible, you're a Libertarian!

We believe you – not the government – should decide how to run your life, checkbook, retirement, education and family.

The Libertarian Party supports your right to:

- * Keep what you earn. Reduce or eliminate taxes whenever possible.
- * Educate your children as you see fit.
- * Choose your own lifestyle. The government shouldn't consider you a criminal because of your choices in relationships, recreation or medical treatment.
- * Own a firearm. Self-defense is a right, not a political favor.
- * Truly equal treatment under the law regardless of race, gender, religion, sexuality, or personal characteristics.
- * Run your own business and enjoy your property. Reducing regulations and paperwork creates more jobs, higher pay, and lower prices.

With over 60 elected Libertarians in California and 600 officeholders countrywide, we're a real and growing choice.

REPUBLICAN PARTY

Republicans are proud of the leadership provided to our country by both Governor Arnold Schwarzenegger and President George W. Bush.

We seek to re-elect President Bush, Vice President Dick Cheney, and a new Republican U.S. Senator in 2004. After the tragedy of 9/11, the President and our party have focused on ridding the world of terror and keeping terrorists out of America. Thanks to President Bush's tax relief package, Californians can keep more of their own money to spend, save, and invest. The economy is responding to President Bush's pro-growth economic policies and all signs point to a strong recovery.

The Republican Party, under the leadership of President Bush, is committed to building a safer, stronger, and better America.

Electing Republicans to office in California:

- Ensures excellent and accountable public schools for our children and grandchildren.
- Ensures affordable and accessible health care for children, families, and seniors.
- Keeps taxes low and keeps California's economy on track for economic recovery and growth.

Join us in building a better America and better California.
